Dear Mr. Butler:

Please find enclosed my response to the most recent Notice of Non-Compliant Amendment. I have used the original claims page and have underlined the new information on the claim.

As per your request I have requested cancellation of claim 2.

If I still am not compliant, would you please email me with what I need to do additionally? This would save you time on sending me paperwork. I appreciate your patience and help that you have given me.

Best regards,
